Tips for a successful Community Care Event Fundraiser

- Begin your promotion well in advance (several weeks ahead, primarily through newsletters, announcements, email and social media). The newsletter should indicate why your school/organization is having the fundraiser. Having a purpose increases the level of participation.
- The week of the event, make announcements daily.
- Make announcements in the morning and at dismissal times on the day of the event.
- Use the School/Organization message board to promote the event.
- The event is enjoyed the most when the school/organization leadership (principals, teachers, etc.) participate. Students love seeing them in a casual, non-school environment.
- The greatest fundraising results have come when organizations have generated a lot of excitement through their pre-event promotions!

Rules and Guidelines for a Successful Community Care Event Fundraiser
